VALLEY CHRISTIAN COUNSELING

INFORMED CONSENT

Overview

Welcome to Valley Christian Counseling. The following information is to assist you in establishing your expectations for psychotherapy and functions as an agreement between you and your therapist. Please read the following carefully and complete all sections before the first session. Please feel free to call with any questions or concerns throughout the course of treatment.

Sessions

Therapy appointments are approximately 45-55 minutes in duration, however longer sessions are also available upon advanced request. The number of sessions is determined by both the therapist and the client depending on the client's individual needs.

Cancellation Policy

A scheduled appointment means that time is reserved only for you. If an appointment is missed or canceled without 48 hours' notice, the clinician reserves the right to charge you a missed/canceled appointment fee equal to your agreed upon session rate. It is important to note that insurance companies will not reimburse you for canceled or missed appointments.

Confirmation Calls

To better serve our clients, our staff strives to provide confirmation calls to remind you of your appointment approximately 48 hours in advance. However, please make efforts to set self-reminders in the event we are not able to place a call.

Emergency Options and Additional Resources

If you are unable to reach our office during normal business hours and are experiencing a crisis or medical emergency please call 911 or head to your nearest emergency room.

Records

Your professional records may include information regarding your reason for seeking therapy, a description of the impact your problems may be having on your life, your treatment goals and your progress toward said goals, your medical and social history, your billing records, and any reports received from other clinicians. You have the right to review your records at any time, however, it is recommended that the records be reviewed in the presence of your therapist before viewing them individually. A fee may be applied to the request of your records. Your records are stored in a locked filing cabinet behind two locked doors, and will be stored for 7 years (per requirements of the Alabama Board of Social Work) before being properly destroyed.

Offsite Consultation

Consultation are sometimes requested by other professionals involved in your care. In the event that you or another professional request a consultation, your clinician reserves the

right to bill at the hourly rate for consultation services. It is important to note that billable time may also include travel and prep time.

Minors and Parents

Children under the age of 14 cannot consent to therapy on their own, however in the State of Alabama a minor child over the age of 14 may seek therapeutic services without the consent or knowledge of their parents/guardians. Children over the age of 14 have the right to privacy and the parents are not privy to confidential information, unless a release has been obtained. The Clinician will strongly urge the teenager to sign said release as treatment is often inhibited when guardians are not involved in the process. Clients under the age of 14 can not consent for themselves and therefore will need the permission of a guardian to seek therapeutic services. If a child is in danger or is a danger to someone else, the therapist will notify the parents of this concern as well as the appropriate authorities if necessary. Before, giving sensitive information to parents, the clinician will discuss the matter with the child, if possible, and do their best to mitigation any objections and explain the benefits of guardian support.

Contacting your Clinician

If you need to contact your clinician, please call Valley Christian Counseling Center and leave a message with the receptionist or on the appropriate extension. Your therapist will periodically check messages, and return your call as soon as possible.
